

What's **New & Hot** and Where to Spot it in Key West

Partner: Marlow Ropes LTD

Product: Grand Prix Series

Marlow's Grand Prix Series offers the ultimate in tailor-made performance for running rigging. With hundreds of combinations of performance core and covers, plus pioneering weight saving technology and the opportunity to specify ropes to exact colour and length requirements, the Grand Prix Series takes running rigging for racing and super yachts to the next level.

Where to see in Key West: Industry Partner Exhibit Area

Our onsite representatives are: Paul Honess (Yachting Sales Director)

Please stop by and visit us in the Industry Partner Hospitality and Exhibit Area.

Partner: Dimension-Polyant

Product: D4 Manufacturing Process

The D4 MP is the newest product available to all sail-makers from Dimension-Polyant. D4 is a manufacturing process to create a "string membrane" that is geared to the club racer for boats up to 40'.

Key West will be the time to check out new products and see what you need for the upcoming season. Stop by the Dimension-Polyant booth in the Industry Partner Hospitality village to learn more about the D4-MP process - we'll have a D4 MP sail onsite along with samples of our new range of fabrics including Formulon, the new "double-weave" ripstop spinnaker cloth. Take a video tour of the Connecticut plant to see the step-by-step construction of our new D4 MP product and view the world's largest sailcloth lamination company in action.

John, Tom and Moose will be on site to answer questions about our new styles as well as the D4MP, D4 Premium and D4 Fast-line.

Where to see in Key West: Premiere Racing booth at the Industry Partner Hospitality facility.

Our onsite representatives are: John Gluek, Moose McCintock, Tom D'Albora, Kenneth Madsen

Partner: Summit Yachts

Product: The 2009 Summit 35

From the drawing board of Mark Mills, it is our most recent Racer/Cruiser design.

The Summit 35 builds on the winning formula of Summit's King 40, which combines great looks and championship IRC performance. The King 40, which was recently voted the 2009 Boat Of The Year overall winner by Sailing World Magazine, has been successful on the race courses of the US and Europe, and the Summit 35 promises to continue that trend.

The 35 will be a true dual purpose boat with a comfortable interior, and an efficient, user friendly cockpit.

The first boats will be available late summer of 2009.

The Industry Partner Program

THIRTY FIVE companies in the sailing industry provide support through this program that is now in its 8th year.

You'll find participating company logos on the web site, in the Program and Sailing Instructions and in issues of Race Week News during the week. A strong Industry Partner Program adds stability to the event, helping Premiere Racing meet the challenges that are inherent in producing this stand-alone event for our mutual clients - the racing boat owner. Nine partners will participate with displays in the Industry Partner area this year: Bainbridge International, B&G, Dimension-Polyant, DSM Dyneema, Hall Spars and Rigging, Holmatro, J/Boats, Melges Performance Sailboats, and Marlow Ropes.
